ICMET 2023

2023 The 5th International Conference on Modern Educational Technology

http://www.icmet.org/

The 2023 5th International Conference on Modern Educational Technology (ICMET 2023) will be held in Macau, China during June 16-18, 2023. The conference aims at providing a platform for academics, teachers and educators at home and abroad to interact and exchange ideas in the domain of modern education and related topics with its prospective application in the various interdisciplinary domains of engineering, including not only technological issues but also social issues. ICMET 2023 will afford delegates unparalleled opportunities to communicate with qualified professionals throughout the world, and prompt a tight link between theory and practice and explores different perspectives on the application of research findings into practice.

CONFERENCE PROCEEDINGS

Submissions to ICMET 2023 will be peer reviewed on the basis of technical quality, relevance to conference topics, originality, significance, clarity, etc. Accepted papers will be published in the International Conference Proceedings.
Good News! All accepted papers by ICMET 2022 have been published into conference proceedings by ACM (ISBN: 978-1-4503-9679-0).
